Northern Transformation  
Promise Zone Committee

FAMILYlife Programs of Gladwin and Clare county supports Northern Transformation in application for Promise Zone designation, as a participating partner.

FAMILYlife Programs mission is to provide supportive education to Gladwin and Clare county families, in order to reduce the risk and incidence of child abuse and neglect. Our services include Parent Education classes, Foster Care support, Parenting Assessment, and other supportive services to at risk families and children. We partner with the local DHS offices, County Health Departments, Community Schools and Early Childhood Programs, Community Mental Health, and other local partners.

FAMILYlife Programs recognizes that Promise Zone designation would provide additional funding and much needed opportunities to families in the Gladwin and Clare county area.

Sincerely,

Pamela Allen MA, CFLE  
Director, FAMILYlife Programs
