West Branch, Michigan 48661

On behalf of Denton Township, I am pleased to support this Promise Zone initiative. The challenges this community faces are almost insurmountable. This economic downward spiral is causing an increase in crime, drug abuse and an overall degradation in our quality of life. Vacant stores, restaurants, abandoned homes are the new norm. Of course this neighborhood will never give up, we have a determine Denton Township Board and a very capable Planning Commission and Parks Advisory Board. I have been honored to participate in a community engaging such generosity. Food banks, Senior citizen centers, churches, and non-profit all do outstanding work. Summing it up we need jobs and desperately need your help so we can climb our way up.

Respectfully,

Craig Cotterman
